

# REMIT TRAINING - INVESTING IN PEOPLE, BUILDING A STRONGER FUTURE

We are a proud Ofsted Grade 1 and Investors in People Platinum apprenticeship training provider, we are not just about delivering apprenticeships, we are committed to creating a brighter future for individuals, businesses and communities.

## Empowering individuals

We offer high-quality apprenticeships across diverse sectors including; Automotive, IT and Digital, Leadership and Management programmes. This equips individuals with the skills and knowledge needed for successful careers, boosting their earning potential and personal development.

## Promoting social mobility

Apprenticeships offer a valuable alternative to traditional university paths. They allow individuals from all backgrounds to gain valuable work experience and qualifications, regardless of financial limitations. We encourage participation from under-represented groups in apprenticeships. This fosters a more diverse and inclusive workforce across businesses. We offer a tailored learning experience.

## Bridging the skills gap

By providing industry-relevant training, we address the growing demand for skilled professionals. We do this through apprenticeships for future generations, this benefits businesses by ensuring they have a qualified workforce and strengthens the local economy. We also look to up-skill technical experts to bridge the skills gap within Automotive.

## Fostering a culture of learning

We believe in continuous improvement and invest heavily in our colleagues training and development. This ensures our trainers are experts in their field, delivering exceptional learning experiences for our apprentices.

## Building stronger communities

We actively partner with local employers and organisations to create a thriving apprenticeship ecosystem. This benefits the community by fostering a skilled workforce and attracting new businesses. Some of our key partners are Scania, Volvo, Morrisons, Waitrose, Stonegate, Starbucks and BCA.

## Reducing Environmental Impact

We look to minimise our environmental footprint, from transitioning our car fleet to hybrid vehicles, prioritising and promoting responsible waste management and leveraging technology to minimise the need for unnecessary travel and hybrid working. We demonstrate our commitment to environmental sustainability and continuously look for new ways to improve. We believe that every action, big or small, contributes to a greener future. We also offer commercial programmes specialising in Electrical Vehicles promoting the environmental benefits throughout this course.

## Equal Opportunities for all

We champion equal opportunity by integrating fairness into all aspects of our work. We offer extensive training and skills development, empowering individuals from all backgrounds to succeed, regardless of ethnicity, gender, or disability. We actively promote diversity and inclusion, striving for balanced representation and increased opportunities for marginalised groups.

## Supporting Employers

We work closely with employers to develop tailored apprenticeship programmes that meet their specific needs. This not only benefits businesses by creating a highly skilled workforce but also strengthens local communities by fostering stronger employer-employee relationships.

## Wellbeing Focus

We prioritise the physical and mental wellbeing of our colleagues, from flexible working, discounted health programmes, an employee assistance programme, financial advice to mental health first aider courses and your birthday off work there is something for everyone.

## Tackling Economic Inequality

We recognise the power of employment in promoting both economic and health benefits. We are a real living wage employer and actively support career progression and social mobility by offering comprehensive training and development programmes. We promote flexible working arrangements for all our colleagues across the business.

By integrating these principles into our operations, we aim to make a positive impact on society and the environment while delivering exceptional training programmes for our apprentices.

## Our Commitment:

One of our core values is developing and delivering a continuous improvement culture.

As an organisation we are committed to:

## Measuring and reporting our social impact

We track our progress by monitoring apprenticeship completion rates, career progression of our achievers, and employer satisfaction.

## Developing strong partnerships

We collaborate with a variety of organisations to maximise the reach and effectiveness of our programmes and work with over 448 employers.

## Investing in our colleagues

Our Investors in People Platinum accreditation demonstrates our commitment to developing our own team, ensuring our colleagues deliver exceptional training experiences to apprentices.
